Tyler joined Allard Ward Architects in 2006 as a summer intern and returned full time after graduation from Western Kentucky University in 2007. In 2008 Tyler moved to Colorado for a three and a half year sabbatical to earn his Master's Degree and would eventually return to Allard Ward Architects in 2012. Tyler was promoted to partner in 2017. With over fifteen years of architectural and engineering experience, and a diverse background in graphic design, construction, mechanical design and computer programming, Tyler is a crucial staff member at Allard Ward Architects.

Allard Ward Architects, 2006, 2007-2008, 2012- Current
